SKILLS

Languages: Java, JavaScript

Frontend: React.js, HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), DOM

Backend: Spring, Spring Boot, Hibernate, JSP, Servlets, J2EE, REST APIs, Microservices

Database: MySQL (Joins, Indexing, Query Optimization)

Tools: Git, GitHub, Postman, VS Code

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

PROJECTS

E-Commerce Application

Java Full Stack — React — Spring Boot — MySQL

- Developed scalable platform with product catalog, cart, and order management.
- Implemented authentication and REST APIs for user and order workflows.
- Integrated frontend with backend ensuring seamless data flow.

E-Learning Platform

Java Full Stack — React — Spring Boot — MySQL

- Built course platform with dashboards and progress tracking.
- Developed backend using Spring Boot, Hibernate, JSP, and Servlets.
- Implemented responsive UI with React and Tailwind CSS.

Food Delivery Application

Java Full Stack — React — Spring Boot — MySQL

- Developed food ordering system with real-time order tracking.
- Built REST APIs and integrated frontend-backend architecture.
- Applied MVC design pattern for scalability.

Task Management System

Java — Spring Boot — MySQL

- Developed task tracking system with CRUD operations and user authentication.
- Implemented REST APIs for task creation, updates, and deletion.
- Designed database schema and optimized queries.

Blog Application

Java — JSP — Servlets — MySQL

- Built blogging platform with user authentication and post management.
- Used JSP and Servlets for dynamic content rendering.
- Implemented CRUD operations and session management.

EXPERIENCE

Tap Academy

Feb 2026 – Present

Full Stack Developer Intern

- Developed full-stack applications using Java, Spring Boot, JSP, and Servlets.
- Built REST APIs and tested them using Postman.
- Worked on MySQL database design and query optimization.
- Handled frontend integration using React and Tailwind CSS.

ACHIEVEMENTS

Solved **300+ DSA problems** on LeetCode.

Solved **1000+ problems** on Tap Academy portal.

Achieved **CGPA of 9.3**.

Strong problem-solving and analytical thinking skills.

EDUCATION

Bangalore College of Engineering and Technology

Bangalore, India

BE in Computer Science Engineering, CGPA: 9.3

2022 – 2026

Bharath Education Society

Bangalore, India

Pre-University College, Score: 95%

2020 – 2022
